Welcome!

Welcome to the Sutton Poyntz Open Gardens 2015. We have a wide variety of gardens for you to visit, as well as refreshments available at the Mission Hall in the village. Thank you for visting us today.

The gardens listed below are marked on the map overleaf and also with a blue flower outside each garden.

- ① **75, Sutton Road** - A five-year-old garden with shrubs and herbaceous plants set around a gravel path and approached by 14 steps from a terrace with pot plants.
- ② **1, The Puddledocks** - The old barn is nestled in the corner of an old dairy yard. Its open front is laid to lawn, but beside the house is a tiny courtyard garden enclosed by brick walls and beech hedging. There are fruit trees and a small raised vegetable bed.

- ④ **4, The Puddledocks** - Large garden divided into the formal garden of flower beds, lawn and fish pond and the fruit and vegetable area accessed via a pergola bridge
