Among the suggestions made at the A.G.M. for future events was a Coach Mystery Tour, which would of course include a call at a suitable hostelry for sustenance. Enquiries are being made about this - if it takes place it will be in early September, leaving the village about 7 p.m. It would be helpful if those who might be interested would let a Committee member know.

We are also looking into the possibility of a visit to a theatre in the autumn; perhaps at Poole, Bournemouth or Yeovil, depending on what shows are running and the cost. Again, if you would be likely to participate, please let us know.

In any event, further information about these suggested events will be circulated.

A pity to mention the winter when summer has barely arrived. But for next winter we hope that there will be, among other things, a talk on self-defence and another Evening of Music with Richard Birley, who made a hit when he visited us in January.

To fill this little space, we mention that the Committee have decided to send £25 towards the appeal to save Lower Kingcombe Meadows for the plants, birds etc. that have been there for generations.
